

## FERTILE PUBLIC LIBRARY

### Mission Statement

The Fertile Public Library will serve as a popular materials center and preschooler's door to learning for the community. The library strives to provide and promote educational, recreational, technological and social resources for the community citizens.

#### **The Goals of the Fertile Public Library:**

1. Serve the community as a center of reliable information.
2. Promote enlightened citizenship and enriched personal lives through collections that stimulate the communication of ideas.
3. Serve as a popular materials and preschooler's door to learning center.
4. Provide opportunity for recreation through the use of literature, audios, DVDs, a makerspace and our Library of Things.
5. Provide access to electronic resources.
6. To provide the community with a comfortable third space.

#### **Objectives:**

To meet the above goals, the following objectives have been adopted:

1. Serve the community by making information available in different formats for personal and private use.
2. Assemble, preserve, and administer an organized collection of recreational materials, soliciting patron input into collection selection.
3. Work closely with library patrons to provide and promote resources.
4. Provide electronic access to information and resources.
